Subject: Target Marketing Testimonial

To whom it may concern,

We want to take a moment to thank Target Marketing Solutions for their excellent work, service and dedication. Our business, Builder's Book, Inc. started working with Target Marketing Solutions back in September 2016. Since then, we have noticed continuous positive changes in our online presence.

Prior to Target Marketing Solutions we were working with a couple of companies who didn't seem to understand our business and our goals. We often felt like just another number in a long list of clients. We didn't see results and our concerns were ignored.

After a lot of research for the right company to handle our SEO, Google AdWords and Shopping we came across Target Marketing Solutions. They had great reviews, so we decided to take a chance. It was worth it. Unlike other companies, (our client rep) and everyone at Target Marketing Solutions listened to our concerns, our business needs and goals. They care and it shows. Their attention and concern for our company's success, speaks volumes about the values that are at the core of this great company.

The expertise that they bring to the table is invaluable. They understand the importance of a strong online presence and are knowledgeable in how to get you there.

We are truly happy with everything they have done for our company and look forward to seeing the growth we know we'll continue to see.

Respectfully,

Oussa Awad
Owner of Builder's Book, Inc.
